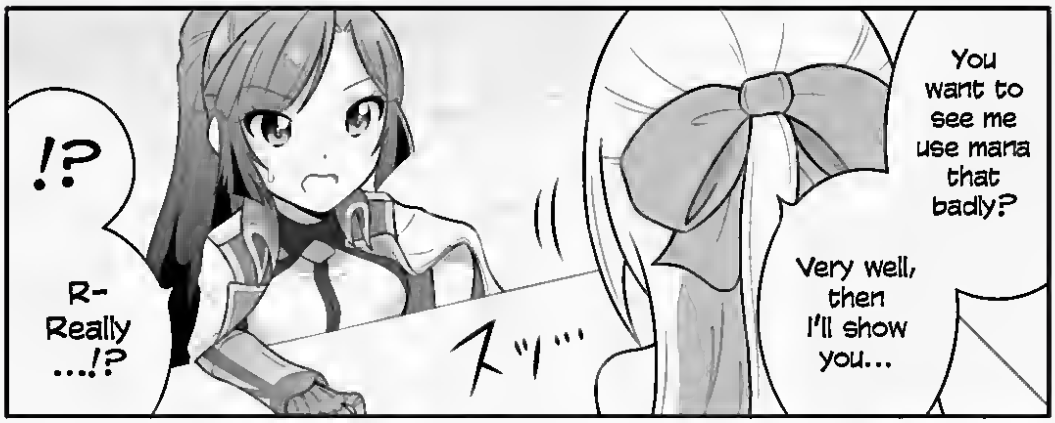
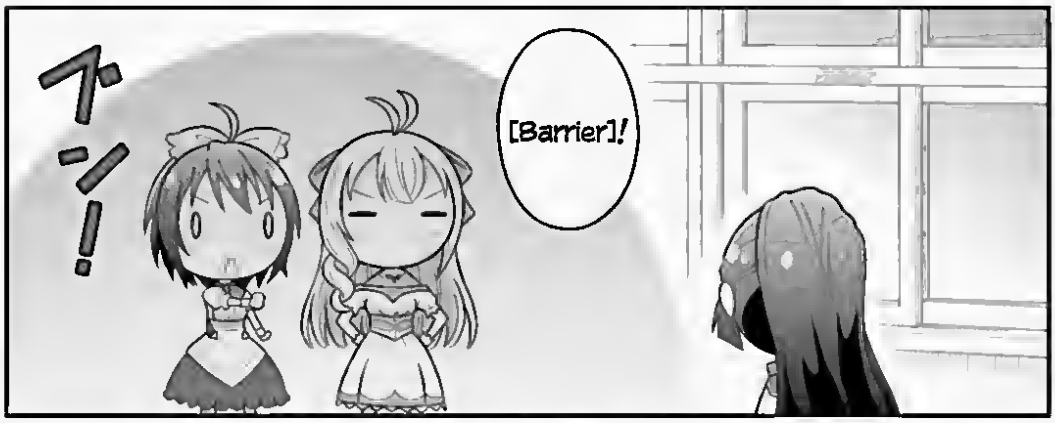
Disagreement

I am not a norma!
Come on... We already made all the arrange-ments.
Since you're a norma.
Of course.
Then let me see you use mana.
Hmm!
Who do you think you're fooling?
I'm not feeling well today, so I can't go all out!
♡ tee hee



You want to see me use mana that badly?
Very well, then I'll show you...
ズッ
!?
R-Really ...!?

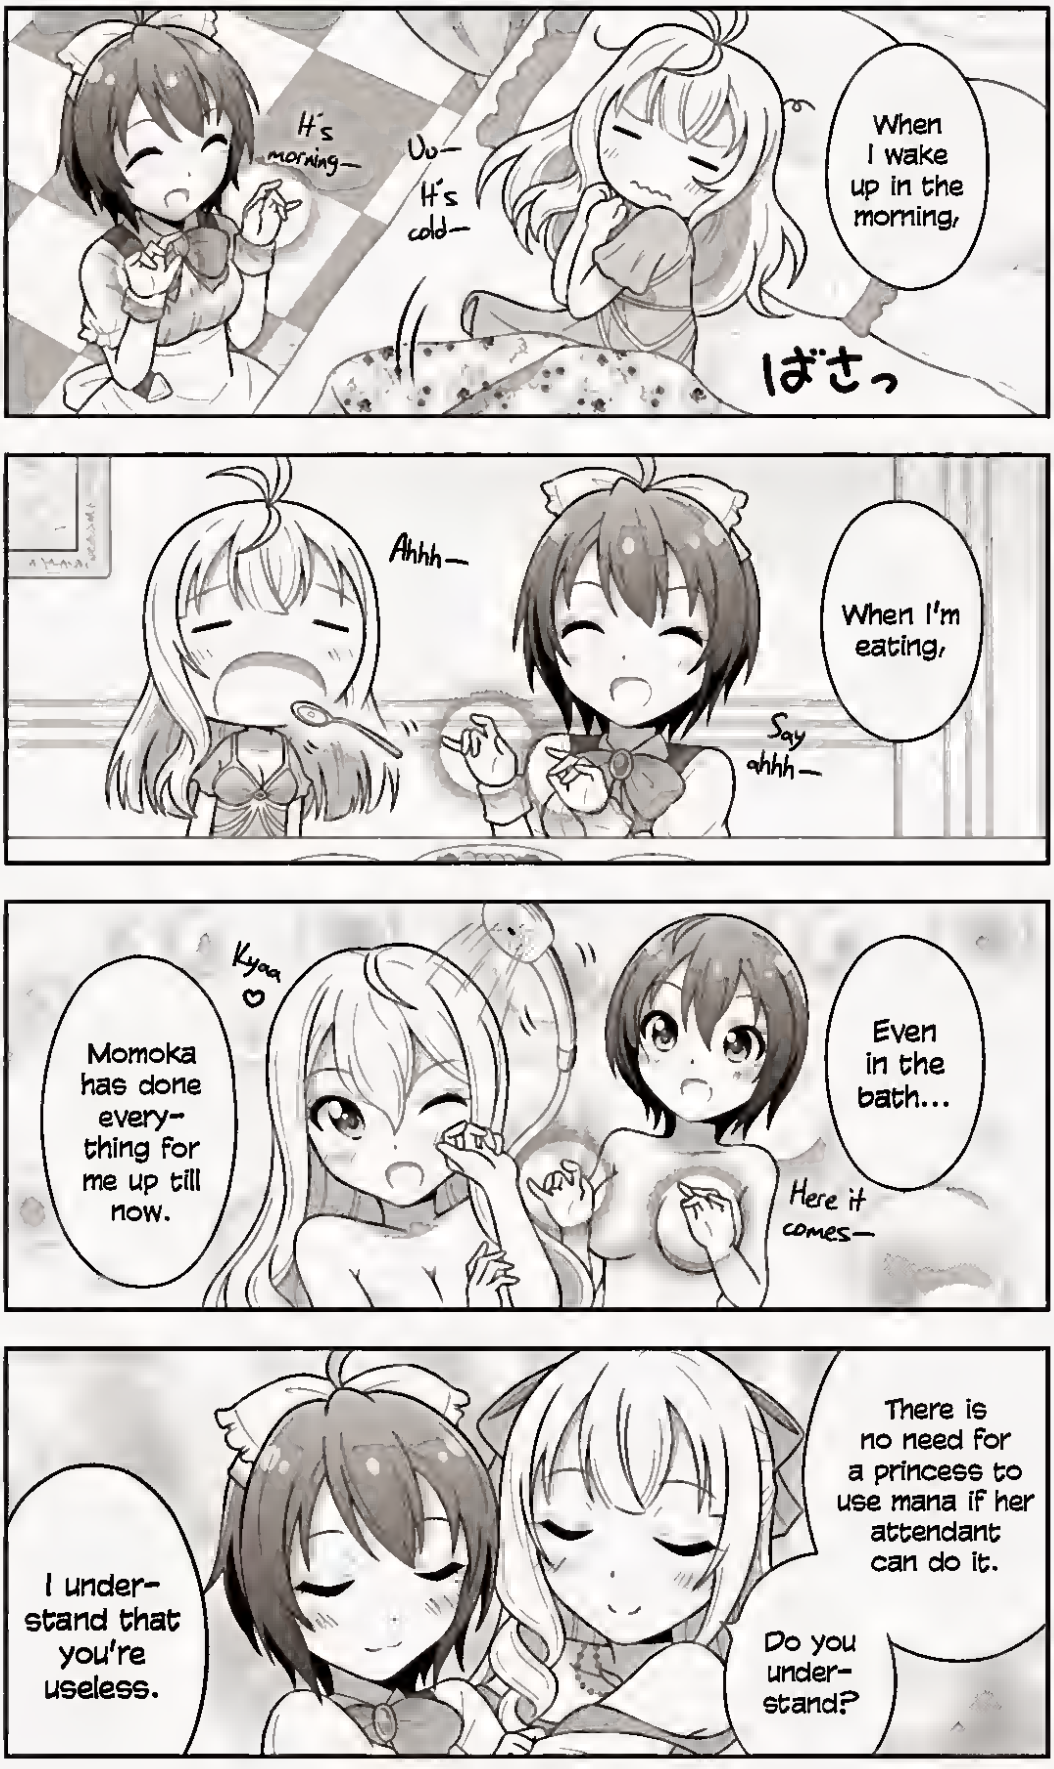
Mo-moka!
ばっ
Yes, Angelise-sama!



[Barrier]!
ブーン!

Well? Are you satisfied?
Not at all.
Now how about you use it.

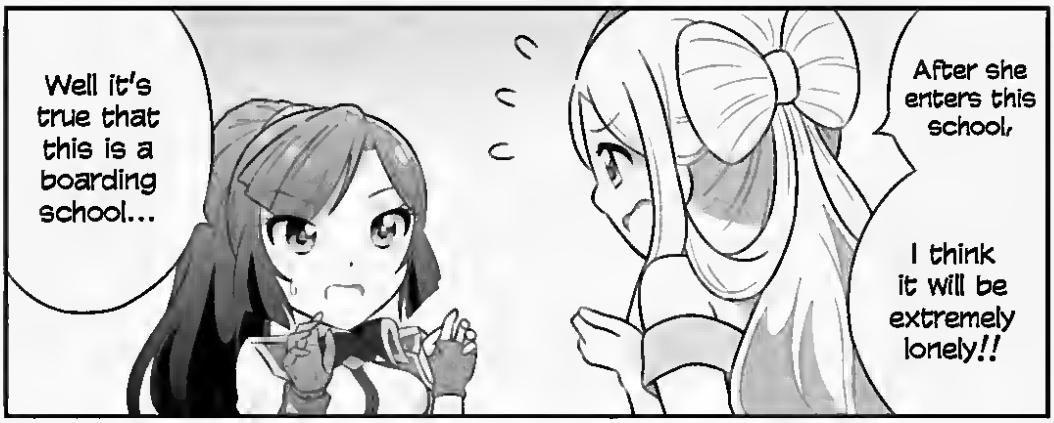
At Any Time



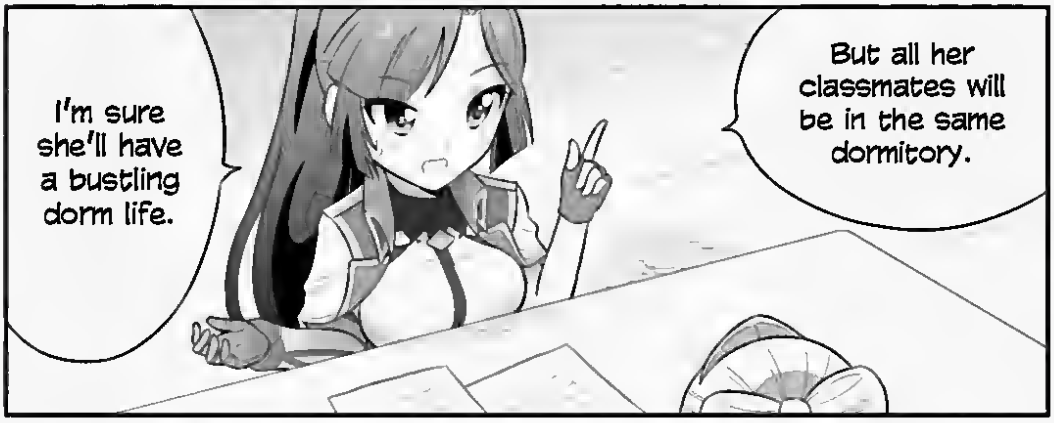
When I wake up in the morning,
ばさっ
Uu— It's cold—
It's morning—
When I'm eating,
Ahhh—
Say ahhh—
Even in the bath...
Here it comes—
Kyaa ♡
Momoka has done everything for me up till now.
There is no need for a princess to use mana if her attendant can do it.
Do you understand?
I understand that you're useless.

From the Mother

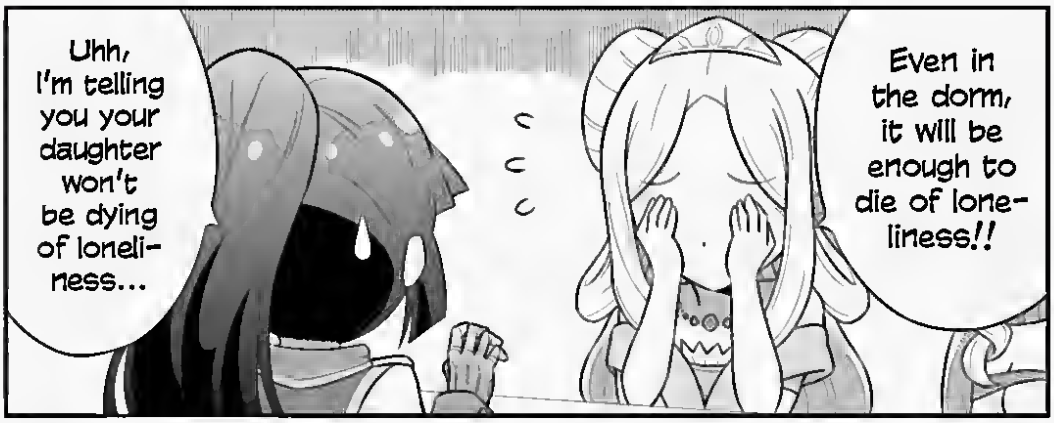
I-I'm very sorry!!
っっっ
Aren't you her mother?
How did your daughter end up like this!?
As her mother, this is all my fault...
You're right... My daughter... May have been spoiled a little as she was growing up.
Yes... It's my fault.
So I'll say it clearly.
At least you can agree with me.
You too!!?
Please, withdraw my daughter at once!



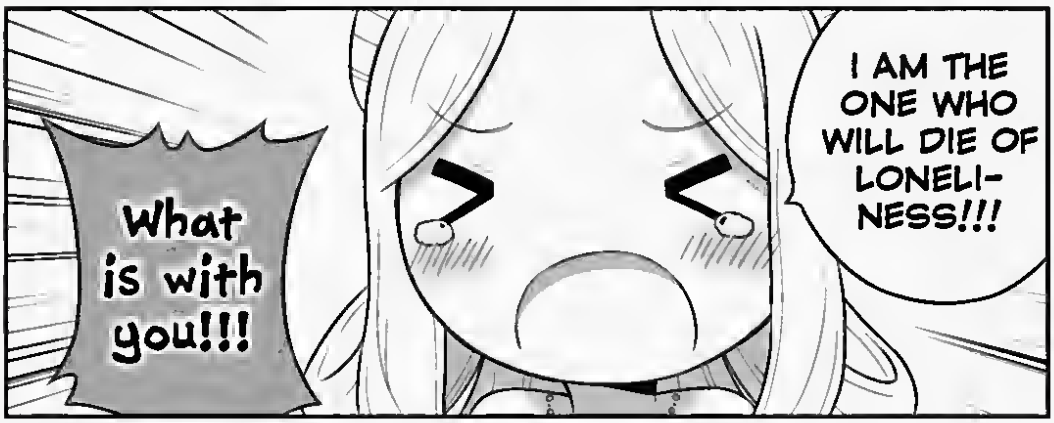
Well it's true that this is a boarding school...
After she enters this school,
I think it will be extremely lonely!!



I'm sure she'll have a bustling dorm life.
But all her classmates will be in the same dormitory.



Uhh, I'm telling you your daughter won't be dying of loneliness...
Even in the dorm, it will be enough to die of loneliness!!



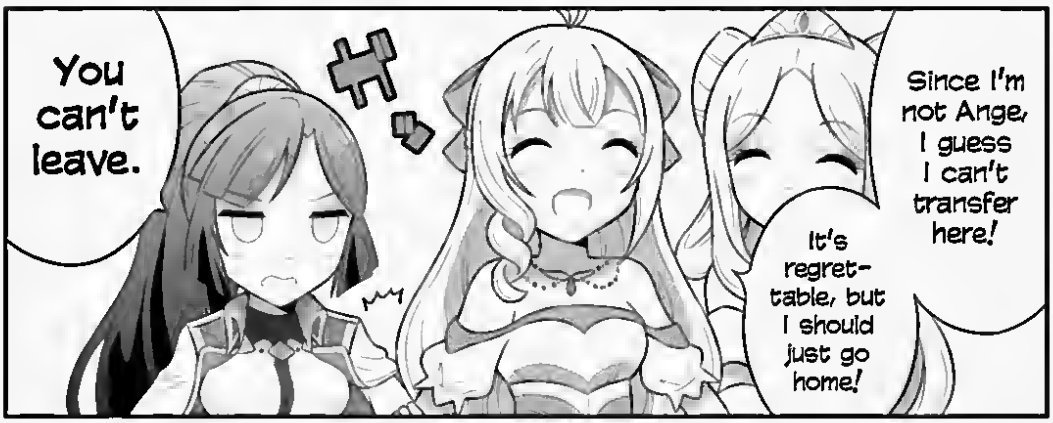
What is with you!!!
I AM THE ONE WHO WILL DIE OF LONELINESS!!!

Ange

You are no longer princess Angelise.
From now on, your name will be [Ange].

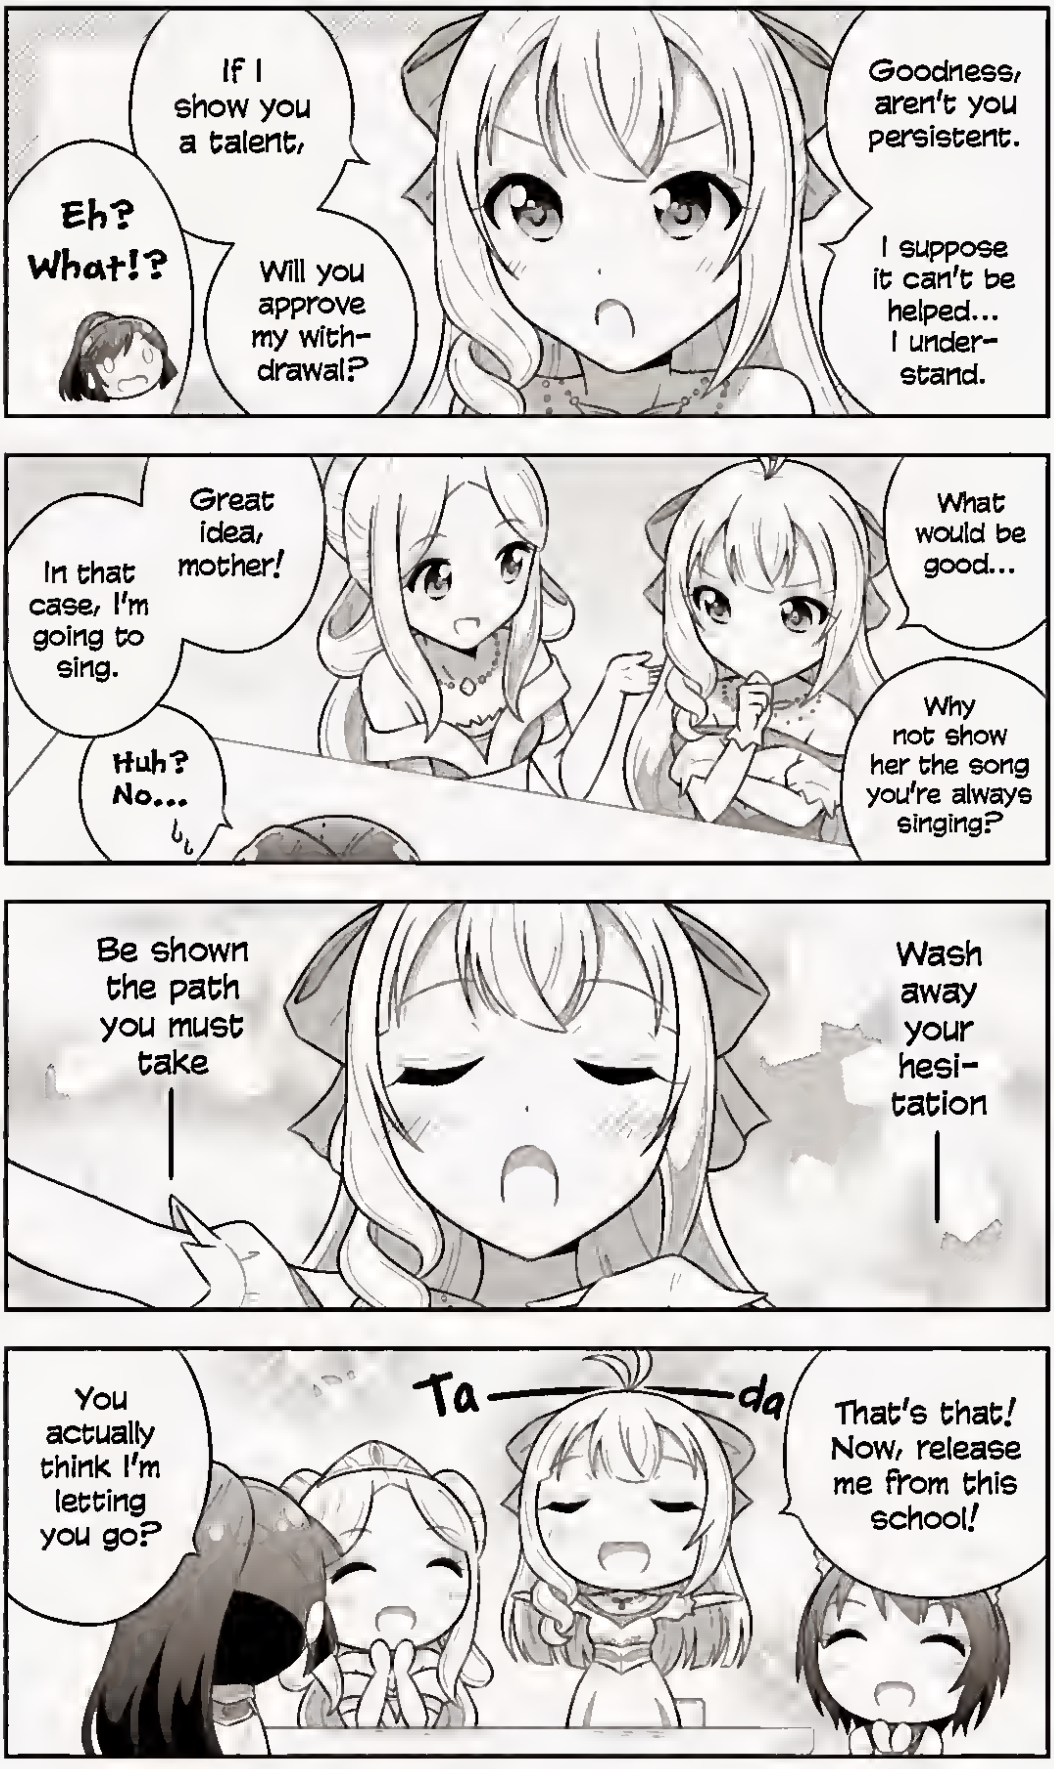
ゴゴゴゴゴゴゴゴ
アンジュ Ange
Misurugi Empire's first
named [Angelis
as a norm
That's the rule here.
Do you understand?
……

fu-fu
Come on now, you can't just change names on a whim.
I'm Angelise, you know?



You can't leave.
ガシ
Since I'm not Ange, I guess I can't transfer here!
It's regrettable, but I should just go home!

Eternal Talk

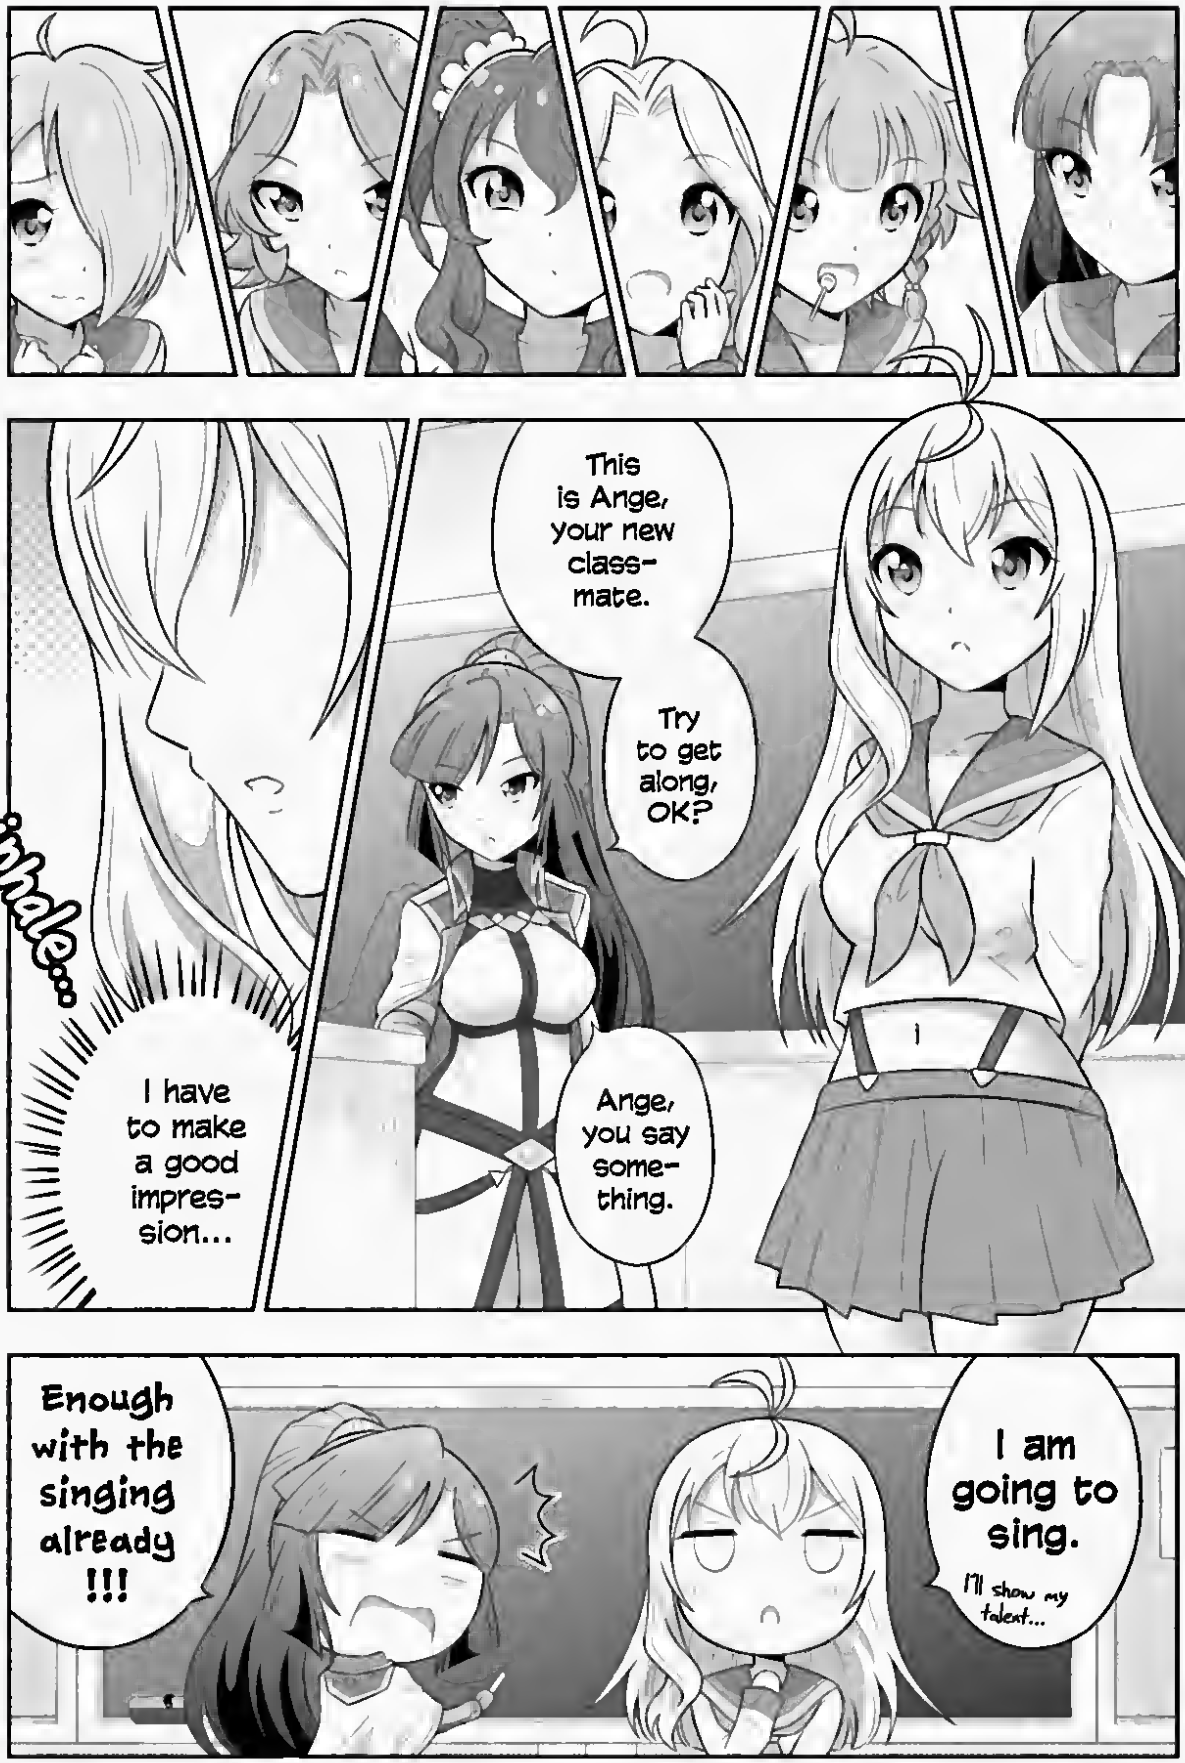


If I show you a talent,
Will you approve my withdrawal?
Eh? What!?
Goodness, aren't you persistent.
I suppose it can't be helped... I understand.
Great idea, mother!
In that case, I'm going to sing.
Huh? No...
What would be good...
Why not show her the song you're always singing?
Be shown the path you must take
Wash away your hesitation
You actually think I'm letting you go?
Ta——da
That's that! Now, release me from this school!

*Ange actually makes a reference to "accho muite hoi", where the loser in a game of rock paper scissors points in a direction, and if the winner can't immediately turn their head to match, they redo the game.

SCRAM
BLE
Just stay quiet and do as you're told!
Kyaa —!!
Uu ...
ガラッ
To undress me like this... Must be a part of your plan to stop me from leaving!
You'd be arrested anyway.
I can't bear to go!!
ばっ!
I can't undress any further!
Kyaa —
Okay, now put this on.
Shut up and put it on!!
ガチャ
Hang on a sec.
This should be a good size.

...!
Well look at that, it suits you.
!
I-I don't really...
You should introduce yourself to your classmates.
Class should be starting about now.
ガラッ…
Make sure to give them a good impression.
These are the people you'll be living with from now on.
You only get to introduce yourself...
Can I withdraw after I introduce myself?
Just how badly do you want to go home?



This is Ange, your new class-mate.
Try to get along, OK?
Ange, you say some-thing.
inhale...
I have to make a good impres-sion...
I am going to sing.
I'll show my talent...
Enough with the singing already !!!
